

## **Commercial Servicing**

*Providing safe, effective and discreet commercial pest control*

When it comes to protecting your business from common commercial pests, Exodus Pest Control understand that time, results and prevention are all key in providing effective and sustainable treatment options.

You can rely on Exodus to provide courteous, discreet, security-checked technicians that work flexible hours and provide reliable call out times. We offer environmentally friendly chemical and non-chemical control methods to treat a variety of common commercial pests, including stored product pests, general pests, rodents, possums, feral animals, birds and termites.

Offering a range of payment options and servicing to HACCP Standards, Exodus Pest Control is fully insured and adheres strictly to quality assurance and licensing regulations. We can even tailor a pest management plan to suit your business' individual needs.

Industries currently serviced by Exodus Pest Control include Hospitals, Nursing Homes, Schools and Child Care Facilities, Hospitality and Food Manufacturing.

Exodus Pest Control perform self auditing of servicing and technicians
